PRELIMINARY REMARKS.

IN presenting this book to public notice, I hope to have supplied a want that has long been felt by those who desire to become proficient on the German Concertina. In order to ensure as complete a work as possible on the subject, I have closely studied the various combinations of fingering and harmony of which the instrument is capable and believe that I have satisfactorily proved, that although inferior in all respects to the original English Concertina (the one on which I perform and profess), it is capable of producing greater effects and a much better class of music than has been generally supposed. Having had the privilege of selecting from many choice and expensive copyrights, I have availed myself of it, to introduce some of the most popular music of the day, generally pieces hitherto not to be found in any Instruction Book—certainly not in any published for the German Concertina.

One interesting feature is the Duets for two Concertinas—a novelty not introduced before. But for this purpose it is necessary that the instruments should be exactly of the same pitch; and German Concertinas, especially selected and prepared for Duet playing, can be obtained to order from Messrs. FIRTH, SON & Co., the Publishers of this work.

In conclusion, I would mention that I have it in contemplation to issue, from time to time, a GERMAN CONCERTINA MISCELLANY, consisting of all the newest and best music of the day, arranged and fingered for Solos and Duets.

BROOKLYN, L. I., January, 1865.

ALFRED B. SEDGWICK.

NOTES.

Music, or the succession and variation of sound is expressed on paper by characters termed NOTES. These notes are named (in the English language*) after the first seven letters of the alphabet, A B C D E F G.

To obtain an eighth note the A is used again, and for a continuation of the scale the other letters in succession.

Example: A B C D E F G A B C D E F G A B C D &c.

The distance between the first A and that which follows, is called an Octave, and so on with the other letters. Example: A A, B B, &c.

These notes are formed either as round dots • or in the shape of the letter O, turned sideways thus ◊. They are placed on five parallel lines called

THE STAFF,

in the following manner counting upwards from the bottom one:

It will be observed that some of these notes are placed *on* and others *between* the lines of the STAFF. Those on the lines are called LINES, while those between them are called SPACES.

Example. Lines:

1st 2d 3d 4th 5th

Spaces:

1st 2d 3d 4th

* It will be seen, as follows, that Musical Notes are named differently in other languages. Example: English, A B C D E F G; French, La Si Ut Re Mi Fa Sol; Italian, La Si Do Re Mi Fa Sol; German, A H C D E F G.

C L E F S.

The name of notes are determined by signs called "CLEFS." Of these there are three, used in modern music. But on the Concertina, as on the Violin or Flute, only one of them is available. This is called the G or Treble Clef, and is formed thus:

It will be observed that the upper end of this clef intersects the 2nd line, which is from that called G also, and all the other notes are named, in rotation from this one. Thus it will be seen that G being the name of the note on the 2nd line, the names of the other four would be respectively E B D and F, and those on the spaces F A C E.

Example:

Spaces

Lines

The names of these lines and spaces must be committed to memory before proceeding farther.

LEDGER LINES.

It will be seen that the staff can only contain nine notes, or just one octave and a note from E to F, but as there are many other sounds than these in music, some lower in pitch and others more acute, small extra lines, called Ledger-lines, are added when necessary, either above or below the staff, thus:

These also take their name, in rotation, from the G clef, as will be seen by the following scale or gamut.

SPACES

LINES

There is also another method used occasionally to denote the higher notes; namely, by placing the word Octava or its abbreviation 8va, followed by a series of dots or a curved line over the staff to the extent of the passage

required to be played. This denotes that although written on the staff the notes are to be played one octave higher than they stand.

By examining the above Scale or Gamut, the student will perceive that notes on the Ledger lines continue on by line and space, in the same manner as those on the staff

Example. Written thus: *Sva.* *loco.*

Played thus:

The word *loco* at the end of the lines is Italian for *place*, and signifies that the notes are again to be played in their natural position.

OF NOTES AND THEIR VARIETY.

I remarked on the first page that notes were made in one of the two following shapes \bullet or \circ .

There are, however, six varieties, but all from the above basis. These different shapes are necessary in order to express the different lengths of sound. They do not however in any way alter the name of the note, as that depends entirely on its position on the clef. They are as follows:

1. The Semibreve or whole note \circ .
2. The Minim or half note $\overset{\text{P}}{\underset{\text{P}}{|}}$.
3. The Crotchet or Quarter note $\overset{\text{P}}{\underset{\text{P}}{|}} \text{P}$.
4. The Quaver or 8th part of a note $\overset{\text{P}}{\underset{\text{P}}{|}} \text{P} \text{P}$.
5. The Semiquaver or 16th part of a note $\overset{\text{P}}{\underset{\text{P}}{|}} \text{P} \text{P} \text{P} \text{P}$.
6. The Demisemiquaver or 32d part of a note $\overset{\text{P}}{\underset{\text{P}}{|}} \text{P} \text{P} \text{P} \text{P} \text{P} \text{P}$.

There is even a seventh note used in very rapid music called a Hemidemisemiquaver or 64th part of a Semibreve.

By the above list it will be seen that the Minim is only half as long as the Semibreve. The Crotchet but half the length of the Minim and so on, as is exemplified in the following Time table, which is most essential for the pupil to commit to memory.

TIME TABLE.

1
Semibreve
 \circ

is equal to 2 Minims,

$\overset{\text{P}}{\underset{\text{P}}{|}} \quad \overset{\text{P}}{\underset{\text{P}}{|}}$
or 4 Crotchets,

or 8 Quavers,

$\overset{\text{P}}{\underset{\text{P}}{|}} \text{P} \text{P} \text{P} \text{P} \quad \overset{\text{P}}{\underset{\text{P}}{|}} \text{P} \text{P} \text{P} \text{P}$

or 16 Semiquavers,

$\overset{\text{P}}{\underset{\text{P}}{|}} \text{P} \text{P} \text{P} \text{P} \text{P} \text{P} \quad \overset{\text{P}}{\underset{\text{P}}{|}} \text{P} \text{P} \text{P} \text{P} \text{P} \text{P} \quad \overset{\text{P}}{\underset{\text{P}}{|}} \text{P} \text{P} \text{P} \text{P} \text{P} \text{P} \quad \overset{\text{P}}{\underset{\text{P}}{|}} \text{P} \text{P} \text{P} \text{P} \text{P} \text{P}$

or 32 Demisemiquavers.

$\overset{\text{P}}{\underset{\text{P}}{|}} \text{P} \text{P} \text{P} \text{P} \text{P} \text{P} \text{P} \quad \overset{\text{P}}{\underset{\text{P}}{|}} \text{P} \text{P} \text{P} \text{P} \text{P} \text{P} \text{P} \quad \overset{\text{P}}{\underset{\text{P}}{|}} \text{P} \text{P} \text{P} \text{P} \text{P} \text{P} \text{P} \quad \overset{\text{P}}{\underset{\text{P}}{|}} \text{P} \text{P} \text{P} \text{P} \text{P} \text{P} \text{P} \quad \overset{\text{P}}{\underset{\text{P}}{|}} \text{P} \text{P} \text{P} \text{P} \text{P} \text{P} \text{P} \quad \overset{\text{P}}{\underset{\text{P}}{|}} \text{P} \text{P} \text{P} \text{P} \text{P} \text{P} \text{P}$

NOTE.—The stems of notes may be turned up or down, or joined in groups, without interfering with their length in value.

THE BAR OR MEASURE.

Bars are short upright lines drawn at regular intervals across the staff, thus:

dividing it into fragments, each of which must contain exactly the same number of notes or their equivalent in some of the other kinds. For

Example:

These regular divisions of a musical composition constitute what is known as

TIME,

and forms positively the most important portion of the pupil's studies.

TIME exists naturally in music, as is shown by persons totally unacquainted with the art. They will move their heads or feet in regular intervals during the performance of some pleasing melody, in fact "beating time." Time in music is then the measurement of sounds with regard to their duration.

There are two principal kinds of time, namely COMMON and TRIPLE. These again can be subdivided into simple and compound. These varieties are denoted by certain signs placed at the commencement of a piece of music immediately after the clef, as will be shown below.

COMMON TIME consists of one Semibreve or whole note in each bar. All modern "Times" are derived from this standard, their names intimating what portion of a Semibreve they allot to a measure, as will be seen hereafter.

TRIPLE TIME is an unequal division of the Semibreve, such as three-eighths

instance, let us suppose that a composition is written containing the exact quantity of a Semibreve or whole note in each bar, it might so occur that we should have in the first MEASURE to hold one note throughout its duration, while in the next and in precisely the same space of time we might have to play 4, 8 or even 32 notes, performing them according to their length with sufficient rapidity and evenness of execution to ensure their not exceeding the limits of the preceding bar, or otherwise falling short of them.

or three-fourths of a whole note. The subdivisions into compound Common or compound Triple Time are fully explained in the annexed table.

TABLE OF SIGNS.

SIMPLE COMMON TIME.

One Semibreve (or whole note) in a bar or its equivalent in value of other notes.

Or one Minim (or half note) in a bar or its equivalent in value of other notes.

SIMPLE TRIPLE TIME.

Three Minims or a Semibreve and a half in each bar or their equivalent in other notes.

Three Crotchets or their equivalent.

Three Quavers or their equivalent.

It will be easily observed that in the above figures the upper one stands for the number and the lower one for the description of notes in each bar. For example $\frac{2}{4}$ denotes two quarter notes or crotchets and $\frac{3}{8}$ three eighth notes or Quavers, &c.

COMPOUND COMMON TIME

is merely the putting of two bars of Simple Triple Time into one. For instance, by putting six Crotchets or six Quavers into each bar instead of three.

Examples:

In this kind of time the first and fourth notes of each bar are emphasised more than the rest.

In the same manner we can produce twelve-eighth time, or twelve Quavers in a bar.

Example:

COMPOUND TRIPLE TIME

is in a like manner composed by putting *three* bars of Simple Triple Time into one. For instance, by putting *nine* Crotchets or *nine* Quavers into each bar, instead of *three*, we get nine-four and nine-eight times.

Examples:

The following exercises illustrate the above kinds of time and should be well studied, both by playing them over as soon the pupil is able to do so, and previously by copying them out on paper, marking, over it, the value of each note in the bar, so as to make up the equal quantity of every measure.

SIMPLE COMMON TIME.

SIMPLE TRIPLE TIME.*

COMPOUND COMMON TIME.

COMPOUND TRIPLE TIME.

* NOTE.— $\frac{3}{2}$ and $\frac{6}{4}$ Times are now seldom used, except in Sacred Music; they are accented in the same manner as $\frac{3}{4}$ and $\frac{6}{8}$.

In playing the foregoing exercises, strict attention should be given to counting them, by *verbally* subdividing each bar into halves or quarters, as will be seen by the words placed over the Staff.

COMMON TIME is usually divided into four parts; counting *one, two, three, four*, at each quarter (or crotchet) of the measure, unless the

has an upright mark across it, thus:

when only two in a bar should be counted, the progression of the piece being rapid. In very slow music, it is sometimes necessary to count this time by Quavers, *eight* in a bar. The proper speed of a composition is determined by Italian, German or English words placed at the commencement of it: such as *Allegro* (quick), *Adagio* (slow), &c. These musical terms are very numerous. The student is therefore referred to the little Dictionary on page 79, for the translation of those most commonly in use. It is as well to remind him once again, that when counting four in a bar, two 8th notes, four 16th notes, or eight 32d notes will have to be played (should they occur) to every single count, and double that number in Common Time when only counting two in a bar.

- $\frac{2}{4}$ Time is counted *two* in each bar.
- $\frac{6}{8}$ *Six* in a bar in slow music. *Two* in quick.
- $\frac{9}{4}$ Generally *three* in a bar.
- $\frac{9}{8}$ *Three* in quick time. *Nine* in slow.
- $\frac{12}{8}$ *Four* in a bar, or *twelve* in very slow time.

ACCENTUATION.

Accentuation is the stress or increased emphasis given to certain notes in each bar, in preference to others. The Accent usually falls on the first and half of the bar, in common time, and in

In $\frac{9}{4}$ or $\frac{9}{8}$ time, the 1st, 4th and 7th notes are marked more than others. There are, of course, exceptions to these rules, an explanation of which will be found under the head of "Syncopation."

DOTS, TIES, AND RESTS.

A Dot placed after a note thus,

prolongs its sound to one half its usual duration. Thus a dotted semi-breve should be held the length of a whole note and a minim. A dotted minim the length of a minim and crotchet, &c.

Two dots make a note *three-fourths* longer than it was originally, the 2d dot influencing the 1st one as that did the note; namely, by making it half as long again.

TIES or CURVES,  , connecting two consecutive notes of the same name and on the same line or space, denote that the first one *only* is to be struck and held down during the full length of the two, without lifting the finger from the key. Example:

Written thus :

Played thus :

Rests are signs denoting *silence* during the whole or portions of a bar. The seven different styles of notes have each a corresponding rest. They are shaped as follows:

The semibreve rest

is used, invariably, for an entire bar's rest without reference to the quantity of the measure. For example:

The crotchet and quaver rests are sometimes shaped differently, and more like the letter Z; thus, Z and Z.

It sometimes occurs that several bars' rests are required in succession; especially when two or more instruments are being performed on together. The rests are then shaped thus:

Some authors simply draw a line across the staff, placing a figure representing the number of bar's rest over it. Example:

Rests, like notes, are affected by dots placed after them. For instance a dotted minim rest

is equal to a minim and a crochet rest.

OF THE SHARP, FLAT AND NATURAL.

On page 4, I have given an example of the natural scale or gamut of the Treble Clef, consisting of nearly four octaves. There are, however, other sounds called half tones or *semitones*, which come between these; to produce which, on paper, the following signs are used. The sharp #, the flat b and the natural ♮.

A sharp placed before a note *raises* it half a tone. A flat, on the contrary, *lowers* it half a tone. The natural is used to bring it back to its usual position. Examples:

A flat or a sharp having once occurred in a bar, all notes of that name are influenced by it until corrected by a natural. Example:

* These C's should be played as C#, although no sign appears before them. Should a note that has previously been sharpened or flattened during a bar, again occur at the end of it, followed at the commencement of the next bar by another of the same name, and on the same line or space, it

is not usual to repeat the sign; the previous # or b exerting its influence on the note in the second bar, and afterwards throughout it, (but no longer,) unless corrected by a ♮. Example:

* These notes must be played as if written,

There are also Double Sharps (formed thus x) and Double Flats (thus bb). These raise or flatten a note two semitones, or, in other words, one whole tone. To bring notes influenced by these *double signs* back to their original position, we must use the following: for a Double Sharp, thus, x#, and for a Double Flat as follows, bb. We come now to

THE SCALE.

A SCALE is a succession of consecutive sounds. Ascending or Descending. It can be made to commence on any of the seven letters, A B C D E F G. The one selected being called the Key Note, or Root of the Scale.

There are two species of Scales in music—the Diatonic (or NATURAL SCALE) and the Chromatic. We shall first speak of

THE CHROMATIC SCALE.

This consists of a series of half (or semi) tones following in close succession above or below the Key Note. Example:

Ascending.

Descending.

The image shows two musical staves. The top staff is labeled 'Ascending.' and shows a series of notes starting from C and moving up by half-tones to C#. The bottom staff is labeled 'Descending.' and shows a series of notes starting from C# and moving down by half-tones to C. Asterisks are placed above and below the staves to indicate the intervals between notes.

It will be seen by the above, that from C to C \sharp is a HALF TONE, C \sharp to D \natural another, and so on. Thus it follows that the interval between C \natural and D \natural must be a WHOLE TONE, and that between D \natural and E \natural another. This, of course, is the same throughout the Scale. Sharps are generally used to designate the half tones in going up the Scale—Flats in coming down, but their names are synonymous—C \sharp and D \flat being alike, and produced by the same key, and so with the rest.

By observing the marks * placed over the intervals B \natural and C \natural and E \natural and F \natural , both up and down the Scale, it will be found that no sharp or flat occurs between them. They are NATURAL SEMITONES. We now proceed to

THE DIATONIC SCALE.

This consists of five whole tones and two half tones to each octave. In the Scale of C, these intervals present themselves in natural succession, without aid of Flats or Sharps. This is, consequently, called the NATURAL KEY OF MUSIC Example:

MAJOR SCALE OF C.

The image shows a musical staff for the Major Scale of C. The notes are C, D, E, F, G, A, B, C. Asterisks are placed above the intervals between B and C, and between E and F. Below the staff, the intervals are labeled: 'Half tone.' between C and D, 'Half tone.' between E and F, and 'Half tone.' between B and C. Numbers 1 through 5 are placed below the notes to indicate whole tones.

Figures indicate whole tones.

By comparing the above with that of the Chromatic, a better conception of the laws regulating the Diatonic Scale will be arrived at, as the half tones in the Natural Scale fall between B and C and E and F, as shown above.

The Diatonic Scale is divided into Major and Minor Modes. In the Major (the one exemplified above) the position of the whole and half tones is INVARIABLY the same, consisting of two whole tones, then a half, next three whole tones, and lastly another half. In all other keys besides C, the regular progression of this Scale is effected by the use of the \sharp or \flat . Take, for instance, G as the key note. It will be found necessary to use F \sharp instead of F \natural , in order to make it perfect. Example:

The small notes represent the Chromatic half tones or intervals.

Diatonic Scale.

Tone. 1 Tone. 2 Semitone. 3 Tone. 4 Tone. 5 Semitone. 6

In the key of D, two sharps are required for the purpose ; in that of A, three sharps, as will be shown hereafter.

In some scales it is necessary to use the \flat in order to render the Diatonic progression perfect. Take, for instance, that of F.

Tone. 1 Semitone. 2 Tone. 3 Tone. 4 Tone. 5 Semitone. 6 Tone. 1 Tone. 2 Semitone. 3 Tone. 4 Semitone. 5 Tone. 6

It will be seen from the above, that the tones take a different position in descending the scale to that which they had in going up it. Some authors write it in the following manner:

Semitone. 1 Tone. 2 Tone. 3 Semitone. 4 Tone. 5 Tone. 6

Either method is correct.

In studying the difference between the Major and Minor Scales, the pupil should observe that the distance between the 1st and 3d notes of the

Diatonic Scale.

Tone. 1 Tone. 2 Semitone. 3 Tone. 4 Tone. 5 Semitone. 6

The Scale of $B\flat$ requires two flats ($B\flat$ and $E\flat$); that of $E\flat$ three ($B\flat$, $E\flat$ and $A\flat$), and so on with the others.

THE MINOR SCALE,

is a variation of the Major, and is erratic in nature ; some composers writing it one way, and others, another. There is, however, ONE INVARIABLE rule to be observed in it ; the *third* note of the scale is always depressed. The position of the whole and half tones is different from those in the Major Mode, as will be seen by the Scale of A Minor.

Major Scale consists of two whole tones, while that of the Minor possesses one whole tone and a semitone. This constitutes the difference between the Major and Minor Third. Example:

Major 3d. Minor 3d.

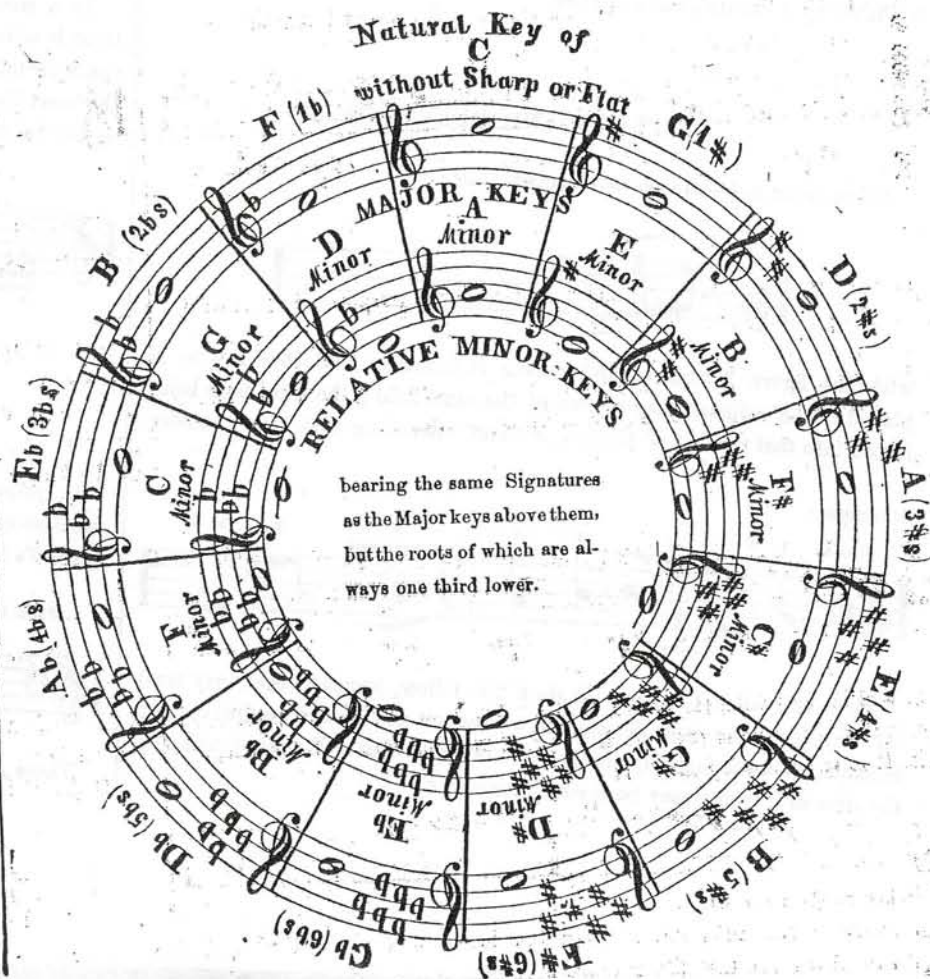

KEYS.

These, as their name implies, are taken from the Key Note, or root of the Scale. Thus we speak of the Key instead of the Scale of G. Each Key, except C, requiring more or less sharps or flats at its signature in order to complete the Diatonic Scale, these are placed on the Staff at the commencement of a composition, in order to avoid the confusion that would result from having to mark them before each note as the piece proceeded. They are, therefore, put between the clef and the "Time Marks." Example: Key of D.

These three signs combined are called the "Signature," being indicative of the names of the notes, the key of the composition and the time it should be played in.

Keys, in Music, succeed each other in regular rotation, as will be seen by the following circular Diagram. Beginning at C, they progress right and left until they merge into the extreme keys of F# and Gb, which are synonymous. Both scales being played on the same notes with merely different names.

ACCIDENTALS.

The term ACCIDENTAL is given to a sharp or flat occurring *in the course* of a piece of music and not described at its signature. An "Accidental" influences all notes of its name appearing after it in *the same bar* unless contradicted by a natural, but not after.

TRIPLETS AND SEXTOLES.

When three notes are placed together thus :

with the figure 3 over or under them, it indicates that they are to be played in the ordinary time of two of the same kind ; the third note being forced into *that* portion of the bar, without interfering with the remainder.

Example :

These are called Triplets. It does not follow, however, that they must all three be of the same length, for a Crotchet and Quaver, a Quaver and Semiquaver, or in fact any combination of notes that will exactly make up the time of a triplet may be used. Example :

In a similar manner a group of six notes with the 6 marked over them is called a sextolet—the two extra notes being forced into the usual space of four, the 1st, 3d and 5th being emphasized, unless, as is sometimes the case, they are divided into a double triplet, when the accent will fall on the 1st and 4th. Example :

THE APPOGIATURA, OR GRACE NOTE.

In connection with Triplets, I must speak of Appoggiaturas. These are small notes not included in the regular time of the measure (and therefore forced *in* like the Triplet), placed before the larger ones. Example :

From IL TROVATORE.

These Appoggiaturas can be used either above or below the note ; but

the most melodious and elegant method is to construct them from below. Example:

In slow music, half the full value of the large note is absorbed in the preceding smaller one. In quick music the small note is of less length, but of equal importance. Examples:

URNS—SIMPLE, DOTTED OR INVERTED.

URNS are embellishments forced into the regular time of a piece in a similar way to an Appoggiatura. The simple form of TURN is indicated by the

following sign placed over a note ~, which signifies that *three* additional notes should be added to the bar without breaking the time. Sometimes the simple Turn is placed *between* two notes, and then it signifies that *four* additional notes must be introduced. Examples:

SIMPLE TURN.

TURN BETWEEN NOTES.

THE DOTTED TURN is so called when the ~ is placed over a dot. Then four extra notes must likewise be played.

DOTTED TURN.

Written thus:

Played thus:

Turns are mostly subservient to the performer's skill and taste; and it would be better to avoid their use altogether, rather than introduce them continually, as many otherwise skillful amateurs do! They cover up their performances with so many embellishments of this and other kinds, that it at last becomes difficult to find out the real melody they are playing.

An exceeding graceful Turn may be produced between a note and the one below it, as follows:

Written thus:

Played thus:

AN INVERTED TURN differs from the others by being placed end-ways over the note, and is as its name implies, an inversion of the Simple Turn, the lower note being played first. Examples:

INVERTED TURN.

Written thus:

Played thus:

TRILLS AND SHAKES.

A TRILL is a very quick "Turn," consisting of two or three notes, always preceding each large note in succession as it either ascends or descends the scale. When well performed, it is, in some passages, highly effective. The Trill is written thus: w w. Example:

which would be played as follows:

EXAMPLES OF TRILLS.

From the above explanation, it will readily be seen that Trills, Turns, Grace Notes, and Appoggiaturas all belong to the same family of Musical Embellishments.

A pretty effect is produced by grouping three Grace Notes before a full note, somewhat in the way of a Trill. Example :

I will now proceed to explain

THE SHAKE,

which is a repetition of two consecutive notes in rapid succession, finishing with a Turn (usually an inverted one). A Shake is designated by the mark *tr* placed over the note on which it is to be made. Examples :

Written thus:

Played thus:

Written thus:

Played thus:

Shakes can be made on ascending or descending notes in a similar way to Trills.

TREMOLLO. A Tremolo differs from a shake, inasmuch that it is a rapid repetition of the *same* note. Example :

PAUSES AND CADENZAS.

A pause \frown placed over a note signifies that it is to be held down far beyond its usual limit: according to the taste and discretion of the player. Pauses are used over rests as well as notes, and they then denote long silence.

Pauses are frequently followed by a Cadenza (or Cadence)—in other words, a long succession of Grace Notes performed rapidly or slowly, according to the style of the composition, and often ending with a shake and turn. These Cadenzas are entirely independent of time or measure.

EXAMPLE OF A PAUSE AND CADENZA.

Cadences sometimes occur without pauses. Example :

They are then called *Roulades*.

We now come to the varied marks of

EXPRESSION, ACCENTUATION, EMPHASIS AND SYNCOPIATION.

These signs are used by writers to indicate the style in which their compositions should be played. I have before had occasion to speak of **ACCENTUATION** in my remarks on **TIME**. The word implies a certain force given to some notes in the bar in preference to others; while by **EMPHASIS** we understand a **STRESS** placed on those parts of the bar usually unaccented. Emphasis and Syncopation are closely allied. **EXPRESSION**, in music, is more or less a natural gift; but those who lack it may, by careful attention to the following signs, make up in a great measure for its absence.

We will first speak of the **SLUR**, which is a curved line over two or more notes, intimating that they should be played smoothly—the finger not being taken off one key until another is nearly struck. This is called playing **LEGATO** or *flowingly*. Example :

Opposed to the **SLUR**, is what are termed **STACCATO MARKS**. These are dashes placed over each note

signifying that the finger must strike the key sharply, and immediately be taken off (before the expiration of its length). Example :

When *dots* are placed over the notes instead of dashes,

the key should not be struck so violently, or the finger taken off so quickly.

These opposed styles of playing are continually brought in contact with each other in music, and strict attention to their marks must be given in order to ensure proficiency.

The words *Forte* (Italian for "loud") and *Piano* (soft) or their abbreviations *for.* or *f* and *pia.* or *p*, are used to denote the degrees of loudness. When the extremes of either is desired, the words *Fortissimo* or *ff* and *Pianissimo* or *pp* are employed. These are sometimes called *double forte* and *double piano*.

It is often necessary to graduate the tones from soft to loud, or the reverse, and for this purpose we either use the word *Crescendo*, or its abbreviation *cres.* (in English "increasing"), or else the following mark, \langle . To decrease the sound, the word *diminuendo*, or *dim.* is employed; or otherwise the reverse sign \rangle . These two marks are often used in conjunction, thus $\langle \rangle$, signifying a *swell*, or combination of both the *crescendo* and *diminuendo* effects.

It sometimes occurs that a single note must be struck with marked energy. To denote this, the words *Sforzando* or *Rinforzando* (abbreviated *Sforz* and *Rinfz*), or their marks \wedge or \rangle are placed over it. *Rfz*, *Sfz*, and *fz* are also occasionally used, all of them, alike, denoting a forced sound.

fp indicates, in like manner, that the note it is placed over should be struck hard, but the succeeding ones played more softly.

To render a note marked with either of these signs more effective, the one immediately preceding it should be played *staccato*, the finger afterwards coming down on the forced note with a movement similar to the blow of a hammer.

When a succession of these notes occur, the word *martelato* is often used to designate them.

It is necessary now to refer to former remarks on

THE TIE, OR BIND.

When two notes of the same name, placed consecutively on the same line or space occur, with a line similar to a curve, only shorter, placed over them, they are said to be tied, and denote that the first one alone is to be struck and held down the length of the two. Example :

The above remarks lead us to the study of

SYNCOPATION

Syncopated Notes are those which are *emphasized* out of the natural course of the bar. A Syncopated Note can hardly be forced too strongly, unless accompanied by a *p* mark, and even then it must partake of double the force of its fellows.

The most common style of Syncopation is where a crotchet occurs between two quavers, or, in fact, when any other kind of note occurs between two of half its own value. The *sfz* sign ^, is usually placed over the centre note in these cases, so as to ensure its being properly emphasized.

Example :

Sometimes this style of movement occurs through several bars in succession.

EXAMPLES OF EMPHASIS AND SYNCOPATION.

A Strain is a portion of a composition, similar to a paragraph in a book. Its close is designated by a double bar,

which acts as a full stop does to a period. When dots appear at it, they imply that the part of the piece on the side which they occur must be played over again. When they are seen on both sides, both parts must be repeated. Examples:

It often happens that two double bars appear in close succession, with the figures 1—2 over them, thus :

This signifies that in playing the first strain over for the second time, the bar marked 1st should be omitted, and that marked 2d used in its place.

Sometimes the letters D. C., or DA CAPO (Italian for "from the head," or "beginning,") are placed at the Double Bar; denoting that the performer must commence again at the first bar of the piece, the word FINE (or end) giving information where it is to close. Should D. C. DAL \$ occur (freely translated "begin again from the sign"); the player must commence back from wherever he finds the mark \$ placed. D. C. AL \$, on

the contrary, denotes that he is to commence at the beginning and finish where the \$ appears.

DOUBLE NOTES, CHORDS AND ARPEGGIOS.

When several notes are placed under each other on one stem, they are termed a CHORD, and must all be played together as if only one sound.

Example:

Passages of double notes frequently occur, and are exceeding harmonious when performed clearly. Example:

ARPEGGIOS are broken chords. That is to say, the notes are played one after the other instead of close together, the first one being held down till the last is sounded. They are known by a waving line being placed before them. Example:

Written thus:

Played thus:

Arpeggio passages are so called from their being formed of broken parts of chords. Example:

NOTES UNEQUALLY DISTRIBUTED.

In rapid passages it very often occurs that an unequal number of notes are forced into a run, a figure being placed over them to denote their number. In such cases, they must be played as evenly as possible, but all must be forced into the space allotted them, without interfering with the other portions of the bar. Example:

In this example it will be seen that seven notes have to be run into the space of four. The easiest means of accomplishing this would be to play as if written thus, making the three last into a triplet.

SEDGWICK'S COMPLETE AND IMPROVED INSTRUCTIONS

FOR THE

GERMAN CONCERTINA.

THE GERMAN CONCERTINA owes its popularity to the sweetness of its tone, its easiness of acquirement, its portability and the cheapness of its cost. Though by no means perfect, it is capable of producing greater effect and more rapid execution than any of its kind; the ENGLISH (OR PATENT) CONCERTINA alone excepted.* It is also capable of harmonic combinations of considerable variety, although from the fact that each key produces two notes—one in opening and the other in shutting the bellows—these cannot be always complete, inasmuch that occasionally a note may be required to fill up a chord when opening the bellows which can only be sounded while closing it.

* The English Patent Concertina is a *perfect* instrument capable of producing the most elaborate and intricate harmonies in any key from C to six sharps or flats. No instrument, except the Organ, Piano or Harp can bring forth such difficult combinations of chords. It gives the same sound to the key which ever way the bellows is moved, just as a bow does to the Violin, and although shaped like the German Concertina, it is totally different both in the manner of holding, fingering and internal structure. A skillful performer can manipulate the most difficult Violin or Flute music upon it.

One great advantage is, that but little labor is required before the beginner can obtain a knowledge of it. With attention to the following rules, he will be able to perform tunes upon it satisfactorily in a very short space of time.

There are four kinds of GERMAN CONCERTINA in use. Namely, one with *ten keys* (one row on each end) another with *twenty* (two rows), a third with *twenty-two* (also two rows), and the largest with *twenty-eight* (three rows).

That with twenty keys is the one most commonly in use. It has two distinct scales, enabling the performer to play in the keys of C* and G.

The twenty-two keyed instrument, fingered exactly in the same way, affords a greater advantage!—One of the extra keys giving the note B \flat , which permits of the student playing in C, G and F. For this reason I

* The first key (pressing) on the right hand side is always called C, and the notes of the Scale are placed on paper accordingly; although its *real* sound is very often a different note. The pitches of German Concertinas vary, some being set in G, others in D or E, &c.

would recommend those who do not care to buy a twenty-eight keyed Concertina to at least obtain one of this kind.

The ten keyed Concertina is fingered like the top row of that with twenty. No one who wishes to become proficient on the instrument should use one of this class, as from its being entirely without sharps or flats, only the most simple melodies can be performed on it.

The twenty-eight keyed Concertina possesses a full Chromatic Scale between

besides many extra notes both above and below.

The following scales give a correct idea of the compass of the various instruments:

SCALE OF THE GERMAN CONCERTINA WITH TEN KEYS.

SCALE OF THE GERMAN CONCERTINA WITH TWENTY OR TWENTY-TWO KEYS.

Scale continued on the right side.

DIAGRAM OF THE GERMAN CONCERTINA WITH 20 KEYS.

German Concertinas with 22 keys have an extra key on each side, placed where the marks O occur, as will be seen by the Scale.

Scale continued on the right side.

SCALE OF THE GERMAN CONCERTINA WITH TWENTY-EIGHT KEYS.

LEFT SIDE. SCALE OF B

RIGHT SIDE.

SCALE OF C

SCALE OF G

It will be seen by the above scales that the German Concertina has double as many notes as keys. The fingering of the Scale of G on the twenty-eight keyed instrument is slightly different to that with only twenty.

THE DIAGRAM ON THE OPPOSITE PAGE affords an exact view of both ends of the twenty and twenty-two keyed Concertinas. The stars and smaller circles denote the two extra keys on the latter. Figures are stamped on the ends of all instruments corresponding with those marked on the Diagram and Scales. The two extra keys on the twenty-two keyed instrument are always stamped with the cypher or letter 0.

Notes with an accent over them thus:

denote that they are those produced when opening the bellows; those with no mark are sounded while closing it.

It will be observed throughout this work, that notes on the left side of the instrument have their figures placed below the staff and those on the right above it.*

* Many persons either from want of leisure or application depend wholly on this figured fingering, without taking the trouble to acquire a knowledge of music. This is decidedly wrong, as it is quite out of the question to play properly and with expression or even in good time by such a method. A little extra labor and careful examination of the first part of this book will make the student a tolerable musician. Such knowledge will remain to him ever after, and he will soon acknowledge himself amply repaid for his trouble.

Short lines placed after a figure thus $\hat{5} - - -$ or $7 - - -$, denote that the note over which each is placed is to be produced by the key previously struck.

A star \ast placed over a note indicates the necessity of using the valve.

ON HOLDING THE GERMAN CONCERTINA.

The four fingers of each hand must be passed through the straps on either side; the thumb of the right hand being used to regulate the use of the VALVE, and that of the left to hold the instrument steady.

Great care must be taken, not to open or close the bellows without sounding the note or opening the valve, as the Concertina, being air tight, it might, by being forced, sustain serious injury.

As a general thing the bellows should not be drawn out to its fullest extent, or otherwise entirely closed.

No more force should be used than necessary to give a fair sound. Learners sometimes find a difficulty in the management of the Valve, often pressing or opening the Concertina so violently as to cause notes to be curtailed of their proper quantity. An easy movement of the bellows should be sought to be acquired from first commencing to learn.

The Valve must often be used when two or more "drawing" notes follow consecutively, as the bellows being already extended by producing the first note, a slight quick pressure of the valve will cause the instrument to collapse, and so give room to draw it out again for those which follow. The same must be done in a series of pressing notes.

The duration of every note depends on the performer, as according to the motion he gives the bellows shorter or longer, so will the sound be faster or slower.

The German Concertina can be played either sitting or standing. An agreeable effect is sometimes produced in slow music by gently swaying the instrument to and fro in the air, but in the opinion of the writer, the appearance of the performer while doing so, is by no means elegant, and as there are other means of imparting expression, it would be more "honored in the breach than the observance."

Some performers attach a ribbon to the hand rests, suspending the Concertina round the neck. This, in the larger kind, materially assists players by taking the weight of the instrument off their hands.

EXERCISES ON THE NOTES.

NOTES PRESSING. EX. 1. KEY OF C.

NOTES DRAWING.

NOTES PRESSING. EX. 2. KEY OF G.

NOTES DRAWING.

The following Exercises are given for the purpose of increasing the execution of the player, by assisting him to acquire a mastery over the bellows. They must be played slow, and equally—increasing the speed gradually as the student becomes more and more proficient.

EX. 3.

The same in G.

EX. 4.

20 key'd Concertina.

In the above exercises (Nos. 3, & 4.) it will be observed that the melody begins on a fraction of the bar; this often occurs in music.

EX. 5.  EX. 6. 

EX. 7  EX. 8.  EX. 9. 

EXERCISE IN TRIPLETS.

Each of the above should be played over many times before proceeding to the next; taking care to accent the first of each group.

PROGRESSIVE LESSONS.

The Blue Bells of Scotland.

Andante. 

LESSON ON THE USE OF THE VALVE, ALSO ILLUSTRATING "THE BIND" OR "TIE."

Swinging in the Lane.

Ballad published by SAWYER and THOMPSON.
By permission of CHAS. C. SAWYER.

The musical score is written in treble clef with a key signature of one flat (Bb) and a 2/4 time signature. It consists of five staves of music. The first staff begins with a dynamic marking of *p* (piano). The notation includes various rhythmic values such as eighth and sixteenth notes, often beamed together. Fingerings are indicated by numbers 1-5 below the notes. Valve instructions are placed above the staff, including "Valve." with an asterisk and "Valve." with a circled number. Ties are used to connect notes across bar lines. The second staff continues the melody with similar notation and includes a circled number 4 above a note. The third staff features a circled number 4 above a note and a circled number 3 above another. The fourth staff is marked "CHORUS." and begins with a dynamic marking of *f* (forte). It includes a circled number 4 above a note and a circled number 2 above another. The fifth staff concludes the piece with a circled number 2 above a note and a circled number 1 above another. The score is heavily annotated with performance instructions for the valve and tie techniques.

Examples of the Dot, Rest and Pause.

SONG. "God bless you."

By permission of the composer, J. R. THOMAS.

p Moderato.

Musical score for "God bless you." in 3/4 time, marked *p Moderato*. It consists of three staves of music. The first staff begins with a treble clef and a 3/4 time signature. The melody is written on a single line with various note values, including dotted notes and rests. Fingerings (1-5) and accents (^) are indicated throughout. The piece concludes with a double bar line.

Lesson in Double Notes, with example of Double Bars.

"The Vesper Hymn."

p Andante.

Musical score for "The Vesper Hymn." in 3/4 time, marked *p Andante*. It consists of a single staff of music. The piece is composed of double notes (dyads) and includes a section with double bar lines. Fingerings (1-5) and accents (^) are clearly marked for each note.

Example of "the Slur," "the Tie," and *under accompaniment*.

"Dear Mother I've come home to die."

By permission of HENRY TUCKER.

Tenderly.

Musical score for "Dear Mother I've come home to die." in common time (C), marked *Tenderly*. It consists of two staves of music. The first staff features a melody with slurs, ties, and accents. The second staff provides the accompaniment. The piece concludes with the marking *Rallente.*

Dear Mother I've come home to die.—Concluded.

Musical score for the piece "Dear Mother I've come home to die.—Concluded." It consists of two staves of music. The first staff begins with a treble clef and a 2/4 time signature. The melody is written on the upper line, and the accompaniment is on the lower line. The word "Ritard" is written below the first staff. The word "CHORUS." is written above the second staff. The score includes various musical notations such as notes, rests, and fingerings.

BALLAD. Robin Redbreast.

J. M. HUBBARD.

Musical score for the ballad "Robin Redbreast." It consists of three staves of music. The first staff begins with a treble clef and a 2/4 time signature. The tempo marking "Andante." is written above the first staff. The score includes various musical notations such as notes, rests, and fingerings. A small asterisk (*) is placed below the third staff.

* Example of the sustained accompaniment. The F in this bar must be held down while the two upper notes are sounded.

Brother's Fainting at the Door.

P. B. ISAACS

p Andante con Espres.

f CHORUS.

NOTE.—The previous lessons can all be played on a ten keyed Concertina but the next and most of the melodies after this will require one with twenty

SONG. The Beggar Girl.

As sung by Madame ANNA BISHOP.

Examples of Thirds, Sixths and full Chords.
Andante semplice.

Musical notation for 'The Beggar Girl' featuring three staves of piano accompaniment. The first staff is in treble clef with a 6/8 time signature. The music consists of chords and intervals with fingerings indicated by numbers 1-5. The second and third staves continue the accompaniment. A 'Rall.' marking is present at the end of the third staff.

Beautiful Star.

S. M. SAYLES.

Musical notation for 'Beautiful Star' featuring three staves of piano accompaniment. The first staff is in treble clef with a 6/8 time signature. The music consists of chords and intervals with fingerings indicated by numbers 1-5. The second and third staves continue the accompaniment. A '2nd Row' marking is present at the beginning of the third staff.

NOTE.—The only position in which the intervals A and C, or G and B, can be sounded together is on the second Row. (Keys 8 and 9 on the left side, and 7 and 8 on the right.) The pupil must therefore practice this and the other cross fingerings, he will encounter as he proceeds.

Sweet love, good night to thee.

J. L. HATTON

p Andante con espress.

Musical score for 'Sweet love, good night to thee.' in 3/4 time. The score consists of three staves. The first staff is the melody, starting with a treble clef and a key signature of one flat. It features various fingerings (1-5) and accents (^) above notes. The second and third staves are accompaniment, with the third staff showing more complex chordal textures and fingerings. The piece concludes with a final chord.

Fishes in the sea.

By permission of J. R. THOMAS.

Allegretto.

Musical score for 'Fishes in the sea.' in 2/4 time. The score consists of three staves. The first staff is the melody, starting with a treble clef and a key signature of one flat. It features various fingerings (1-5) and accents (^) above notes. The second and third staves are accompaniment, with the third staff showing more complex chordal textures and fingerings. The piece concludes with a final chord.

Jenny June.

STEPHEN C. FOSTER.

35

p Moderato. TEN KEYS.

CHORUS. 1

CHORUS. 2

Detailed description: This musical score is for the piece 'Jenny June' by Stephen C. Foster. It is written for ten keys and is marked 'Moderato' with a piano (*p*) dynamic. The score consists of three staves. The first two staves are in treble clef, and the third is in bass clef. The music is primarily composed of eighth and sixteenth notes with various fingering numbers (1-5) and accents (^) above notes. A chorus section is indicated by a double bar line and the label 'CHORUS. 1' and 'CHORUS. 2'.

Under the Willow she's sleeping.

STEPHEN C. FOSTER.

The fingering of the 3rd and 4th bars must be studied and practiced.

Slowly. mf

p

f CHORUS

pp

Ritard.

Detailed description: This musical score is for the piece 'Under the Willow she's sleeping' by Stephen C. Foster. It is written for ten keys and is marked 'Slowly' with a mezzo-forte (*mf*) dynamic. The score consists of three staves. The first two staves are in treble clef, and the third is in bass clef. The music is primarily composed of chords and eighth notes with various fingering numbers and accents. A chorus section is indicated by a double bar line and the label '*f* CHORUS'. The piece concludes with a piano (*pp*) dynamic and a ritardando (*Ritard.*) marking.

Who will care for Mother now.

By permission of the composer and publisher
CHAS. C. SAWYER.

Andante con espress.

p

CHORUS:

See Note below.

NOTE.—The lower G can be used in a continuous succession of harmony, by changing the key. When opening the bellows, key No. 1 must be used, and in closing it, key No. 2.

By practising the following Exercise on this change of fingering the hand will become prepared for its occurrence.

EXERCISE.

Do they think of me at home.

CHAS. GLOVER.

37

Lesson on the use of the F# key, and example of Triplets.

Musical score for 'Do they think of me at home.' in 3/4 time, featuring three staves of music with various fingerings and accents. The key signature has one sharp (F#). The score includes numerous fingerings (1-5) and accents (^) above notes. The first staff contains a triplet of eighth notes. The second staff features a key signature change to two sharps (F# and C#) for a few measures. The third staff concludes the piece with a final cadence.

The sad long weary day.

German Volkslied.

Musical score for 'The sad long weary day.' in 3/4 time, featuring three staves of music with various fingerings and accents. The key signature has one sharp (F#). The score includes numerous fingerings (1-5) and accents (^) above notes. The first staff contains a triplet of eighth notes. The second staff features a key signature change to two sharps (F# and C#) for a few measures. The third staff concludes the piece with a final cadence.

Beautiful Dreamer.

Published by permission of W. A. Pond & Co.
STEPHEN C. FOSTER.

FIRST LESSON ON THE 2D ROW OF KEYS.

Musical score for 'Beautiful Dreamer' in G major, 9/8 time. The score consists of three staves of music. The first staff begins with a treble clef, a key signature of one sharp (F#), and a 9/8 time signature. The music features a mix of eighth and sixteenth notes, with some rests. Fingerings are indicated by numbers 1-5 below the notes. The second and third staves continue the melody, ending with a double bar line. The piece concludes with a final chord in G major.

Oh wert thou but my own Love.

KUCKEN.

Musical score for 'Oh wert thou but my own Love' in G major, 2/4 time. The score consists of three staves of music. The first staff begins with a treble clef, a key signature of one sharp (F#), and a 2/4 time signature. The tempo is marked 'Andante'. The music features a mix of eighth and sixteenth notes, with some rests. Fingerings are indicated by numbers 1-5 below the notes. The second and third staves continue the melody, ending with a double bar line. The piece concludes with a final chord in G major.

My Cottage by the Sea.

By permission of the composer.
J. R. THOMAS

39

2D ROW OF KEYS.—Example of syncopation and new style of cross-fingering.

Musical score for 'My Cottage by the Sea' in G major, 2/4 time. It consists of three staves. The first staff is the melody, featuring syncopation and cross-fingering. The second and third staves are accompaniment. The score includes various fingering numbers (1-10) and accents (^) above notes. A double bar line with repeat dots is at the end of the third staff.

I'd choose to be a Daisy.

F. BUCKLEY.

Musical score for 'I'd choose to be a Daisy' in G major, 3/4 time. It consists of three staves. The first staff is the melody, featuring syncopation and cross-fingering. The second and third staves are accompaniment. The score includes various fingering numbers (1-10) and accents (^) above notes. A double bar line with repeat dots is at the end of the third staff.

Barney O Hea.

S. LOVER.

Allegretto.

Musical score for 'Barney O Hea.' in 6/8 time. The score consists of four staves of music. The first staff begins with a treble clef and a 6/8 time signature. The music is characterized by eighth and sixteenth notes, often beamed together. Fingerings are indicated by numbers 1-5 above or below notes. Accents (^) are placed over many notes. The piece concludes with a double bar line.

Down by the river side.

By permission of the composer
J. R. THOMAS.

Moderato.

Musical score for 'Down by the river side.' in common time (C). The score consists of two staves of music. The first staff begins with a treble clef and a common time signature. The music features a mix of quarter, eighth, and sixteenth notes, with some chords. Fingerings and accents are clearly marked throughout the piece.

Down by the river side.—Concluded.

Musical score for 'Down by the river side.—Concluded.' in 7/8 time. The score consists of two staves. The first staff begins with a treble clef and a key signature of one sharp (F#). The music features a variety of note values, including eighth and sixteenth notes, and rests. Fingerings are indicated by numbers 1-5 above or below notes. Accents (^) are placed over several notes. The second staff continues the piece, ending with a double bar line. The piece concludes with a final chord in the right hand.

Viva L'America.

By permission of W. A. POND & Co.
H. MILLARD.

Musical score for 'Viva L'America.' in 6/8 time. The score consists of three staves. The first staff begins with a treble clef and a key signature of one sharp (F#). The tempo and mood are indicated as 'Marziale e declamato.' and the dynamic is 'f'. The music is characterized by a strong, rhythmic melody with many accents (^) and slurs. Fingerings are indicated by numbers 1-5. The second staff continues the piece. The third staff begins with a double bar line and the word 'CHORUS.' followed by a fortissimo (ff) dynamic. The chorus features a more complex rhythmic pattern with many slurs and accents. The piece concludes with a final chord in the right hand.

O'er the hills Bessie.

A. SEDGWICK.

Andante con tenerezza.

Ever of Thee.

First staff of musical notation. It begins with a treble clef and a common time signature (C). The music consists of a series of chords and single notes. Fingerings are indicated by numbers 1-5 above or below notes. Accents (^) are placed above several notes. The staff ends with a double bar line.

Second staff of musical notation. It continues the piece with similar chordal and melodic patterns. Fingerings and accents are used throughout. The staff concludes with a double bar line.

Third staff of musical notation. This section features more complex rhythmic patterns, including triplets and sixteenth notes. Fingerings and accents are clearly marked. The staff ends with a double bar line.

Fourth staff of musical notation. The music continues with a mix of chords and moving lines. Fingerings and accents are present. The staff ends with a double bar line.

Fifth and final staff of musical notation. It concludes the piece with a final chord and a double bar line. Fingerings and accents are indicated for the final notes.

Thou art so near and yet so far.

REICHART.

Andante Amoros.

The musical score consists of five staves of music in treble clef with a common time signature (C). The notation includes various rhythmic values such as eighth and sixteenth notes, often beamed together. There are numerous fingerings indicated by numbers 1-4 below the notes. Chords are represented by vertical lines with numbers 1-7 below them. Some chords are marked with an accent (^) above them. The piece concludes with a double bar line and a repeat sign. A dynamic marking of *p* (piano) is present in the third staff.

Thou art so near and yet so far.—Concluded.

Piu animato.

tempo primo.

Ritard.

see note below.

The musical score consists of five staves of music in treble clef. The first staff begins with the tempo marking 'Piu animato.' and contains a melodic line with various fingerings (1-5) and accents. The second staff is marked 'tempo primo.' and features a more complex texture with chords and rapid sixteenth-note passages. The third staff includes a 'Ritard.' (ritardando) section, characterized by a slower tempo and a focus on sustained notes and chords. The fourth and fifth staves continue the piece, with the fifth staff ending in a double bar line and a fermata. A note in the fourth staff is marked 'see note below.' with an arrow pointing to a specific note.

NOTE.—The above is an excellent example of a *close shake and turn*. By using the following fingering, all the notes can be played while opening the bellows.

The diagram shows a single staff of music with five notes. Above each note is a finger number: 1, 1, 1, 1, 1. Below each note is a bellows symbol (an upward-pointing triangle) with a finger number: 5, 4, 3, 2, 1. The final note is marked with an asterisk (*). This diagram illustrates the fingering technique for playing all notes while opening the bellows.

Soldier's Chorus.

From GOUNOD'S "FAUST."

The musical score consists of five staves of music in 12/8 time. The first staff begins with a forte (*ff*) dynamic marking. The notation includes various rhythmic values such as eighth and sixteenth notes, often beamed together. Fingerings are indicated by numbers 1-5 above or below notes. Accents (^) are placed over many notes. The score includes repeat signs and first/second endings. The second staff features a double bar line with repeat dots. The third staff has a key signature change to one sharp (F#) indicated by a sharp sign on the F line. The fourth staff begins with a fortissimo (*ff*) dynamic marking. The fifth staff concludes with a double bar line. The piece ends with a final chord.

Annie of the Vale.

By permission of J. R. THOMAS.

Musical score for 'Annie of the Vale' in C major, 2/4 time. The score consists of two staves. The first staff is the melody, and the second staff is the accompaniment. The melody begins with a treble clef and a common time signature. It features a series of eighth and sixteenth notes, with some rests. The accompaniment consists of chords and single notes, primarily in the lower register. The piece concludes with a double bar line and repeat dots.

Dodworth's Original Lancers.

By permission of HARVEY B. DODWORTH, Esq.

Musical score for 'Dodworth's Original Lancers' in 6/8 time. The score is divided into two parts: '1st Figure. f' and 'FINE.'. The '1st Figure' is marked with a forte dynamic and consists of two staves of music. The 'FINE.' section follows, also consisting of two staves. The score is written in treble clef. The melody is characterized by eighth and sixteenth notes, often beamed together. The accompaniment provides a steady rhythmic foundation with chords and single notes. The piece ends with a double bar line and the initials 'D. C.' (Da Capo).

2d Figure.

f 3d Figure.

Dodworth's Original Lancers.—Continued.

The musical score is arranged in six systems, each with a treble clef. The first system begins with a treble clef and contains several measures of music with various note values and rests. Above the notes are fingerings (1, 2, 3, 4, 5) and accents (^). A dynamic marking of *p* (piano) is present. The second system continues the melody and includes a *D.C.* (Da Capo) instruction at the end. The third system is labeled "4th Figure." and starts with a forte (*f*) dynamic. It features a complex rhythmic pattern with many beamed notes and rests. The fourth system includes a *FINE.* marking above a measure. The fifth system continues the melodic line. The sixth system concludes with a *D.G.* (Da Capo) instruction. The score is heavily annotated with fingerings and accents throughout.

Dodworth's Original Lancers.—Concluded.

5th Figure.

Dancers begin with music.

FINE.

f TRIO.

Repeat the first part once only, then go to Trio.

The musical score consists of six staves of music. The first staff begins with a treble clef and a key signature of one sharp (F#). The music is written in a style typical of 19th-century dance music, featuring eighth and sixteenth notes, often with ornaments (indicated by ^ symbols above notes). Fingerings are indicated by numbers 1-5 above notes. The score includes a section marked 'Dancers begin with music.' and a section marked 'FINE.'. A 'TRIO' section begins with a forte 'f' dynamic and a repeat sign. The score concludes with a double bar line.

VESPER BELL. Mazurka.

JOHN M. ABBOT.

D. C. TRIO. Then go back to Mazurka

"Teresa Careno" Schottisch.

G. DANSKIN.

Introduction. Allegretto.

The musical score is written for guitar in G major (one sharp) and common time (C). It consists of five staves. The first staff is the introduction, marked 'Allegretto', and contains various chords and fingerings. The second staff begins the main piece, marked 'Schottisch', and starts with a piano (*p*) dynamic. The third staff continues the melody and includes a forte (*f*) dynamic. The fourth and fifth staves conclude the piece, ending with a piano (*p*) dynamic. Fingerings are indicated by numbers 1-4 on the right hand and 1-10 on the left hand. Accents (^) are placed over many notes. The score includes repeat signs and a double bar line with repeat dots.

Schottisch.

p

f

p

"Teresa Careno" Schottisch.—Concluded

The musical score is written in treble clef with a key signature of one sharp (F#). It consists of five staves of music. The first staff contains the main melody with various fingering numbers (1-5) and accents (^). The second staff continues the melody and includes a section marked "TRIO." with a repeat sign and "FINE." below it. The third staff continues the melody with more fingering and accents. The fourth staff features a first ending ("1st time.") and a second ending ("2d time.") with a dynamic marking of *p*. The fifth staff concludes the piece with a final flourish and a key signature change to one flat (F). At the bottom right of the page, the text "D. C. TRIO. Then go back to Schottisch" is printed.

Pet Robin Polka.

J. McNAUGHTON.

Allegretto. f

Musical score for 'Pet Robin Polka' by J. McNaughton. The piece is in 2/4 time, marked *Allegretto. f*. It consists of three staves of music. The notation includes various fingerings (e.g., 10, 9, 8, 7, 6, 5, 4, 3, 2, 1), slurs, and accents. The score includes a 'FINE.' marking followed by a dynamic shift to *f* and then *p*. The piece concludes with a double bar line and repeat dots. Specific fingering notes include '2d row.' and '1st row.'.

SACRED MUSIC.

Rosefield.

Rev. Dr. MILLAN.

Moderato:

Musical score for 'Rosefield' by Rev. Dr. Millan. The piece is in common time (C) and marked *Moderato:*. It consists of two staves of music. The notation includes various fingerings (e.g., 1, 2, 3, 4, 5, 6, 7, 8, 9, 10), slurs, and accents. The score concludes with a double bar line and repeat dots, marked 'FINE.'. Specific fingering notes include '1st row.'.

Old Hundred.

Maestoso.

Musical notation for 'Old Hundred' in treble clef, common time. It consists of two staves of music. The first staff begins with a treble clef and a common time signature. The music is written in a single melodic line with various fingerings and accents. The second staff continues the piece, ending with a double bar line. The tempo marking 'Maestoso' is written above the first staff.

Luther's Hymn.

Andante con solennita.

Musical notation for 'Luther's Hymn' in treble clef, common time. It consists of two staves of music. The first staff begins with a treble clef and a common time signature. The music is written in a single melodic line with various fingerings and accents. The second staff continues the piece, ending with a double bar line. The tempo marking 'Andante con solennita' is written above the first staff.

Mount Vernon.

Moderately, slow.

Musical notation for 'Mount Vernon' in treble clef, 4/4 time. It consists of one staff of music. The first staff begins with a treble clef and a 4/4 time signature. The music is written in a single melodic line with various fingerings and accents. The tempo marking 'Moderately, slow.' is written above the first staff.

LOWELL MASON.

EXERCISE FOR THE GERMAN CONCERTINA WITH TWENTY-TWO KEYS.

LESSON FOR THE GERMAN CONCERTINA WITH TWENTY-TWO KEYS.

Polka.

A. SEDGWICK.

A multi-staff musical score for a polka. The first staff is in treble clef with a 2/4 time signature. It features a melody with eighth and sixteenth notes, including triplets and slurs. Fingerings and accents are clearly marked. Below the staff, fret numbers are provided: 1 1, 2 3, 7 6, 4 3, 3 2, 2 1, 1 1, 2 3, 2 1, 2 3, 2 1, 1 1, 2 3, 1 1, 8 7, 7 6, 4 3, 3 2, 2 1, 10 9, 8.

The second staff continues the melody in treble clef with a key signature of one sharp (F#). It includes slurs, triplets, and accents. Fret numbers below include: 3 2, 2 1, 3 2, 2 1, 3 2, 2 1, 4 3, 3 2, 1 0, 9 8, 8 7, 10 9, 8.

The third staff is in treble clef with a key signature of one flat (Bb). It features a melody with slurs and accents. Fret numbers below include: 3 2, 2 1, 3 2, 2 1, 3 2, 2 1, 4 3, 3 2, 1 0, 9 8, 8 7, 10 9, 8.

The fourth staff is in treble clef with a key signature of one flat (Bb). It includes a section marked "TRIO." and ends with "D. C." (Da Capo). Fret numbers below include: 3 2, 2 1, 3 2, 2 1, 3 2, 2 1, 4 3, 3 2, 1 0, 9 8, 8 7, 10 9, 8.

Chromatic Scale, and various fingerings of the twenty eight keyed, German Concertina.

or D#

or B \flat

or D#

NOTE.—It will be seen by the above, that the same sound can be produced on various keys, by either pressing or opening the bellows. This scale should be practiced with all its changes of fingering.

Good bye Sweetheart.

Lesson for the twenty-eight keyed German Concertina.
Andante con moto.

All the previous lessons may be played on the twenty-eight keyed instrument, by slightly altering the fingering.

Oh! Summer Night.

Serenade from Don PASQUALE.
DONIZETTI.

The musical score is written for a single instrument, likely guitar, in 6/8 time. It consists of five systems of music. Each system begins with a treble clef and a 6/8 time signature. The melody is characterized by a mix of eighth and sixteenth notes, often with grace notes and slurs. Fingerings are indicated by numbers 1-5 above the notes. The bass line consists of chords and single notes, with fingerings indicated by numbers 1-5 below. The piece concludes with a *rallentando* marking.

Oh! Summer Night.—Concluded.

Musical score for 'Oh! Summer Night.—Concluded.' consisting of two staves. The first staff features a treble clef, a key signature of one sharp (F#), and a 3/4 time signature. It contains a melody with various ornaments and fingerings, and a bass line with chords and fingerings. The second staff continues the piece with similar notation, including a 'ff' dynamic marking and a repeat sign at the end.

The Star Spangled Banner.

Musical score for 'The Star Spangled Banner.' consisting of three staves. The first staff is marked 'Andante' and features a treble clef, a key signature of one sharp (F#), and a 3/4 time signature. The melody is simple and includes fingerings. The second and third staves provide a bass line with chords and fingerings, supporting the melody.

Mary of the Wildwood.

By permission of J. R. THOMAS.

Andantino.

Musical notation for 'Mary of the Wildwood' in 3/4 time, marked *Andantino*. The piece is in G major and consists of two staves. The first staff begins with a treble clef, a key signature of one sharp (F#), and a 3/4 time signature. The melody is written in eighth notes and quarter notes, with various fingerings indicated by numbers 1-3. The second staff provides the accompaniment, featuring chords and bass lines with fingerings. The piece concludes with a double bar line and repeat dots.

"Heroine" Schottisch.

A. SEDGWICK.

Musical notation for '"Heroine" Schottisch' in 3/4 time. The piece is in G major and consists of two staves. The first staff features a lively melody with many eighth and sixteenth notes, including triplets and slurs. The second staff provides the accompaniment with chords and bass lines. The piece ends with a double bar line and the word "FINE." written below the staff.

Musical notation for the repeat section of '"Heroine" Schottisch'. It consists of two staves. The first staff is labeled "1st time." and the second staff is labeled "2nd time." Both staves contain melodic lines with fingerings and slurs. The piece concludes with a double bar line and repeat dots.

Oh gently breathe.

By permission of J. R. THOMAS.

The musical score consists of five staves of piano accompaniment. The first staff begins with a piano (*p*) dynamic and includes markings for fingerings (e.g., 4, 4, 4, 3, 4, 4, 5, 7, 6, 5, 4, 3, 4, 4) and accents. The second staff features a *cresc.* (crescendo) marking. The third staff includes a forte (*f*) dynamic. The fourth staff contains *ritard* (ritardando) and *dim.* (diminuendo) markings. The fifth staff concludes the piece with various fingerings and accents.

Detailed description: This is a musical score for a piece titled "Polomita" (with the subtitle "Just once more.") in Gallop style. The score is written for a single melodic line on a treble clef staff in 2/4 time. It begins with a key signature of one sharp (F#) and a tempo marking of "Allegro." The first staff contains the initial melody with various fingerings and accents. A dynamic marking of "p" (piano) appears in the second staff. The piece concludes with a "FINE." marking in the third staff, followed by a section marked "AL FINE." in the fifth staff. A "TRIO" section begins in the sixth staff, marked with a forte "f" dynamic and a triplet of eighth notes. The score includes numerous fingerings, accents, and dynamic markings such as "fz" (forzando), "f", and "ff" (fortissimo).

Polomita.—Concluea.

Musical notation for Polomita.—Concluea. featuring a single staff with notes, rests, and fingerings. It includes a first ending bracket labeled "1st time." and a second ending bracket labeled "2nd time."

Hail! Crimson Morning.

From "Lucia Di Lammermoor."
DONIZETTI.

Tempo di marcia.

Musical notation for Hail! Crimson Morning. featuring five staves of music with notes, rests, and fingerings. The tempo is marked "Tempo di marcia."

Yankee Doodle.

Allegretto.

The musical score for 'Yankee Doodle' is written in 2/4 time and consists of two staves. The first staff begins with the tempo marking 'Allegretto.' and contains the first eight measures of the piece. The second staff contains the remaining eight measures. The music is primarily composed of eighth and sixteenth notes, with frequent use of slurs and accents. Fingering numbers (1-5) are placed above or below notes to indicate fingerings. Some notes have a small triangle above them, indicating an accent. The piece concludes with a double bar line and repeat dots.

God save the Queen.

HARRY CAREY.

[ENGLISH ANTHEM AND AMERICAN PATRIOTIC HYMN.]

The musical score for 'God save the Queen' is written in 3/4 time and consists of two staves. The first staff contains the first ten measures of the piece, and the second staff contains the remaining ten measures. The music is primarily composed of quarter and eighth notes, with frequent use of slurs and accents. Fingering numbers (1-5) are placed above or below notes to indicate fingerings. Some notes have a small triangle above them, indicating an accent. The piece concludes with a double bar line and repeat dots.

Still so gently o'er me stealing.

From "La Sonnambula."
BELLINI.

Moderato.
p

The musical score consists of five staves of music. The first staff begins with the tempo marking *Moderato.* and the dynamic *p*. The music is written in treble clef with a common time signature. The score includes various fingerings (e.g., 1, 2, 3, 4, 5) and accents (^) above notes. The second staff ends with a double bar line and the dynamic *p*. The third staff continues the piece. The fourth staff includes the marking *accelerando.* and ends with a double bar line. The fifth staff begins with *ritard.* and concludes with a double bar line.

Gyrolienne.—Concluded

69

Musical score for Gyrolienne, concluding section. The score is written in treble clef with a 3/4 time signature. It consists of two staves. The first staff contains the main melodic line with various fingering numbers (1-5) and dynamic markings such as *fz* and *f*. The second staff contains the bass line, also with fingering numbers and dynamic markings. The piece concludes with a double bar line and a repeat sign.

MUSIDORA. Polka Mazurka.

TALEXY

Musical score for Musidora, Polka Mazurka. The score is written in treble clef with a 3/4 time signature. It consists of three staves. The first staff begins with a *p* dynamic marking and contains the main melodic line with various fingering numbers and dynamic markings such as *fz* and *f*. The second staff contains the bass line, with a *brillante.* marking. The third staff contains a section with two first endings, marked "1st time." and "2nd time.", and concludes with a *D. C.* (Da Capo) instruction. The score includes various fingering numbers and dynamic markings throughout.

Flower Song.

From GOUNOD'S "FAUST."

Moderato assai.
p

The musical score is written on six staves. The first staff begins with a treble clef, a G-clef, and a 6/8 time signature. The tempo is marked *Moderato assai.* and the dynamic is *p*. The music consists of a series of chords and melodic lines, with various fingerings and accents indicated. The piece concludes with a double bar line and repeat dots.

Woodland Whisper Waltz.

GEORGE STANLEY. 71

[ARRANGED FOR TWO GERMAN CONCERTINAS.]

*A very agreeable variety can be obtained by two performers playing separate parts together on different instruments. Care must be taken, however, to ensure the Concertinas being exactly alike in pitch. This will be ascertained by sounding the No. 1 key, pressing on the right side of both instruments at the same time. If the tone is perfectly the same, then they are in unison. If otherwise these Duets cannot be played. **THE UPPER LINE, HOWEVER, CAN ALWAYS BE PLAYED AS A SOLO.**

72

No. 1.
Tempo di Valse.

Sounds from home.
[ARRANGED AS A DUETT FOR TWO CONCERTINAS.]

UNGL.

The musical score is arranged in two systems, each with two staves. The first system is labeled '1st CON.' and '2nd CON.' and begins with a treble clef, a 3/4 time signature, and a key signature of one sharp (F#). The first staff of the first system contains a melodic line with notes and rests, including fingerings (1-3, 2, 1, 2, 1) and dynamics like 'p'. The second staff of the first system contains a bass line with notes and rests, including fingerings (1, 2, 1) and a dynamic of 'p'. The second system continues the piece, with the first staff starting with a dynamic of 'mf' and the second staff continuing the bass line. The score includes various musical notations such as slurs, accents, and dynamic markings. At the bottom right, there is a small note: 'D.C. only once through'.

Sounds from home.—Continued.

No. 2.

The musical score is written for guitar in 3/4 time. It consists of six systems of two staves each. The notation includes various musical symbols such as notes, rests, and fingerings. Fingerings are indicated by numbers 1-4 on the left hand and 1-3 on the right hand. Accents (^) are placed above many notes. The piece concludes with a double bar line and a key signature change to one sharp (F#).

D. C. only once through.

Sounds from home.—Continued.

No. 3.

The musical score is written for two systems, each with a treble and bass staff. It features a variety of chords, including triads and dyads, and includes numerous fingering numbers (1-5) and accents (^) above notes. The piece concludes with a final chord in the bass staff of the second system.

D. C. only once through.

Sounds from home.—Concluded.

No. 4.

The musical score is written for piano in G major and 3/4 time. It consists of three systems of two staves each. The first system begins with a piano (*p*) dynamic and includes fingering numbers (1-5) and slurs. The second system features a pianissimo (*pp*) dynamic and includes accents (^) and slurs. The third system concludes with a CODA section, marked *D. C. ppp* and *fz* (forzando), with final fingering and slurs. The score is densely annotated with performance instructions and technical markings.

2nd CON. 1

cresc. *f* *cresc.* *dim.*

mf *p*

The musical score is written for two German concertinas. The first part, labeled '1st CON. 2', is marked 'Moderato' and begins with a treble clef and a common time signature. The second part, labeled '2nd CON. 1', is marked 'p dolce' and begins with a treble clef and a common time signature. The score consists of four systems of music. The first system shows the beginning of the piece with various fingerings and accents. The second system continues the melody with dynamic markings of 'mf' and 'p'. The third system features a 'cresc.' (crescendo) leading to a 'f' (forte) dynamic, followed by a 'dim.' (diminuendo) leading back to 'mf'. The fourth system concludes the piece with a final cadence and a 'p' (piano) dynamic. The score includes numerous fingerings, accents, and dynamic markings throughout.

Come where my love lies dreaming.—Continued.

The musical score is arranged in four systems, each with a piano (p) part on the left and a violin (v) part on the right. The piano part is written in treble clef, and the violin part is in treble clef. The key signature is one sharp (F#), and the time signature is 3/4. The score includes various performance instructions and technical markings:

- System 1:** The piano part begins with a *staccato.* instruction. The violin part features several slurs and accents.
- System 2:** The piano part includes a *ritard.* (ritardando) instruction. The violin part has a first ending marked "1st time." and a second ending marked "2nd time." The instruction *a tempo.* (allegretto) is placed below the violin staff.
- System 3:** The piano part continues with a melodic line. The violin part has a long slur across several measures.
- System 4:** The piano part concludes with a final melodic phrase. The violin part has a final slur.

Technical markings such as slurs, accents, and fingerings (e.g., 1, 2, 3, 4, 5, 6, 7, 8, 9, 10) are present throughout both parts.

Come where my love lies dreaming.—Concluded.
